BUG-002	Browse Back button redirects user outside the application after visiting Sign in page	Clicking the browse Back button from the Sign in page redirects the user to Google instead of the application home page.	1. Open https://testdemo.com/ . 2. Attempt to login. 3. From the Invalid Email/Password banner.	User should return to the Home page.	User is redirected to the Google search page.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_009
BUG-003	Header layout breaks when browser zoom level is increased	The header becomes unstable and UI elements overlap when the browser is zoomed in.	1. Open https://testdemo.com/ . 2. Increase browser zoom. 3. Observe the header.	Header should remain responsive and all elements should stay aligned.	Header is jiggled, Login button is misaligned, and the logo shrinks.	Medium	Medium	In Progress		Front-End Team	Chrome (Windows 11)	TC_009
BUG-004	Header navigation items do not display keyboard focus indicator when navigating using the keyboard	Header navigation items have no visible focus indicator when navigating using the keyboard.	1. Open https://testdemo.com/ . 2. Hover over the header. 3. Press Tab to focus on Offers and Favorites .	All interactive elements should display a visible focus indicator.	Others, Offers and Favorites do not display any focus indicator.	Medium	Medium	In Progress		Front-End Team	Chrome (Windows 11)	TC_001
BUG-005	Contact Us footer link opens a 404 page	Clicking the Contact Us link in the footer leads to an unavailable page.	1. Open https://testdemo.com/ . 2. Scroll to the footer. 3. Click Contact Us .	Contact Us page should open successfully.	A 404 error page is displayed.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_003
BUG-006	Privacy Policy footer link opens a 404 page	Privacy Policy link is broken and redirects to a 404 page.	1. Open https://testdemo.com/ . 2. Scroll to the footer. 3. Click Privacy Policy .	Privacy Policy page should open successfully.	A 404 error page is displayed.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_004
BUG-007	Careers footer link opens a 404 page	Careers page cannot be accessed through the footer link.	1. Open https://testdemo.com/ . 2. Scroll to the footer. 3. Click Careers .	Careers page should open successfully.	A 404 error page is displayed.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_005
BUG-008	Privacy Policy Read More button redirects to Home page	The "Read More" button does not open the Privacy Policy page.	1. Open https://testdemo.com/ . 2. Scroll to the footer. 3. Click Privacy Policy Read More .	Privacy Policy details page should open.	User is redirected to the Home page.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_006
BUG-009	Product images fail to load for image_int_testing_user	Product images are not displayed after logging in with the image_int_testing_user account.	1. Open https://testdemo.com/ . 2. Login using image_int_testing_user. 3. View the product list page.	All product images should load successfully.	Broken image placeholders are displayed instead of product images.	High	High	In Progress		Front-End Team	Chrome (Windows 11)	TC_002
BUG-010	Search action reloads home page instead of displaying filtered products	Clicking the Search button refreshes the page without applying the search query.	1. Open https://testdemo.com/ . 2. Click Search . 3. Enter "Apple". 4. Press the Search button.	Matching products should be displayed based on the search keyword.	The application reloads the home page without filtering the products.	High	High	In Progress		Development Team	Chrome (Windows 11)	TC_005
BUG-011	Product grid is not responsive on narrow viewports	Product cards do not render correctly when the browser width is reduced, affecting the responsive layout.	1. Open https://testdemo.com/ . 2. Resize the browser window to a narrow viewport. 3. Observe the product grid layout.	Product cards should reflow into fewer columns and render correctly without overlapping content or horizontal scrolling.	Product image sizes do not change when the viewport becomes narrower.	Medium	Medium	In Progress		Front-End Team	Chrome (Windows 11)	TC_006
BUG-012	Long product names break the product card layout	Product cards cannot properly display unusually long product names, causing layout issues.	1. Open https://testdemo.com/ . 2. Locate or simulate a product with a very long name. 3. Observe the product card layout.	Long product names should wrap or be truncated without affecting the card layout.	Long product names overflow and overlap other elements within the product card layout.	Medium	Low	In Progress		Front-End Team	Chrome (Windows 11)	TC_009
BUG-013	Empty favorites page does not display an empty state message	No message is displayed when the user has no favorite products.	1. Open https://testdemo.com/ . 2. Login as demoUser. 3. Navigate to the Favorites page without adding any favorites.	An informative empty state message should be displayed.	No empty state message is displayed.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_072
BUG-014	Favourite products disappear after page refresh	Favourite items are not persisted after refreshing the Favorites page.	1. Open https://testdemo.com/ . 2. Login with a valid account. 3. Add at least five products to Favorites. 4. Open the Favorites page. 5. Refresh the page.	All favorited products should remain displayed after the refresh.	All favorited products disappear after refreshing the page.	High	High	In Progress		Development Team	Chrome (Windows 11)	TC_076
BUG-015	Cart side drawer opens automatically after adding a product	The cart side drawer opens immediately after adding a product instead of opening only when the cart icon is clicked.	1. Open https://testdemo.com/ . 2. Add any product to the cart. 3. Observe the cart side drawer behavior.	The cart side drawer should remain closed until the user clicks the cart icon.	The cart side drawer automatically slides in from the right after adding a product.	Medium	Medium	In Progress		Front-End Team	Chrome (Windows 11)	TC_078
BUG-016	Checkout accepts single-character first and last names	Checkout validation allows invalid one-character names.	1. Open https://testdemo.com/ . 2. Add a product to the cart and proceed to Checkout. 3. Enter 'a' in the First Name and Last Name fields. 4. Complete the remaining fields with valid data. 5. Submit the form.	The form should reject single-character names and prompt checkout.	Checkout completes successfully using single-character names.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_103
BUG-017	Checkout accepts excessively long names without validation	Checkout does not validate extremely long values entered in the First Name and Last Name fields.	1. Open https://testdemo.com/ . 2. Add a product to the cart and proceed to Checkout. 3. Enter a 100-character string in the First Name and Last Name fields. 4. Complete the remaining fields. 5. Submit the form.	The form should reject or truncate overly long input and display a validation message.	The form accepts the long input without validation.	Medium	Low	In Progress		Development Team	Chrome (Windows 11)	TC_104
BUG-018	Post Code field accepts alphanumeric values	The Post Code field does not enforce numeric-only validation.	1. Open https://testdemo.com/ . 2. Add a product to the cart and proceed to Checkout. 3. Enter '123456' in the Post Code field. 4. Complete the remaining fields. 5. Submit the form.	The form should reject alphanumeric Post Code values.	The form accepts the alphanumeric Post Code and proceeds to checkout.	Medium	Medium	In Progress		Development Team	Chrome (Windows 11)	TC_105
BUG-019	Province field accepts special character-only input	Validation is missing for special character-only values in the Province field.	1. Open https://testdemo.com/ . 2. Add a product to the cart and proceed to Checkout. 3. Enter 'a%' in the Province field. 4. Complete the remaining fields. 5. Submit the form.	The form should reject the input and display a validation message.	The form accepts the special character only value without validation.	Medium	Low	In Progress		Development Team	Chrome (Windows 11)	TC_108
